Insights

- Goddess in Greek mythology
- Associated with Crossroads, entrance-ways, the moon, knowledge of herbs
- Known in Athenian households as a protective Goddess who bestows prosperity and blessings

-
- The Greek goddess Hecate reminds us of the importance of change, helping us to release the past, especially those things that are hindering our growth, and to accept change and transitions. She sometimes asks us to let go of what is familiar, safe, and secure and to travel to the scary places of the soul.
 - New beginnings, whether spiritual or mundane, aren't always easy. But Hecate is there to support and show you the way.
 - She loans her farsightedness for you to see what lies deeply forgotten or even hidden, and helps you make a choice and find your path. Oft times she shines her torch to guide you while you are in dreams or meditation.
