PROGRAM INTENTION:

"Money originally was a storehouse of power. In its most primal sense, what eventually became "money" must have been regarded as magical, something able to translate differences between commodities or services and to reconcile relationships on different levels. Money was a symbol, a metaphor for the divine, the creator, having the power to create, to do. Utilized ceremonially, it had the ability to attract the attention of spirits or god/desses." "Because human beings had always known the interconnectedness of all things material and spiritual, the discovery of metals only deepened that understanding. The sun and the moon were not representatives of gods, but gods themselves. The lunar goddess and sun god lived within the moon and the sun, not as separate entities, but as integrated spirits. Gold and silver metals were understood to be extensions of the spirits of the celestial divinities."

*My feelings about money as I begin this Feminine Money
Mysteries Program are:*

My feelings about myself as I begin this program are:

Part 1: Naturally Create Your Financial Flow the Divine Feminine Way

The essence of the “Divine Feminine Flow of Money” Women are essentially _____ beings.

Divine Feminine Mother “Nature”

Elemental Forces of Creation

Earth: Physical Realm

Water: Emotional Realm

Air: Mental Realm

Fire: Action Realm

Spirit: Soul Realm

A woman’s financial flow is from the _____. Her job is to _____ and _____ to receive it. Anything that restricts a woman’s flow of positive feelings constricts her financial flow.

A woman’s sense of disconnection and dissatisfaction begins when she looks _____ of herself to be fulfilled. It is only when the feminine focuses on staying connected to, and appreciating the abundant flow of _____ wealth and riches _____ that it shows up _____ of her. Money does not show up externally until you have connected to it fully internally and in most cases, have created an avenue for it to arrive.

Ancient Money Abundance Goddess (Lakshmi, Fortuna, Abundantia, Moneta, Isis, Venus, and Gaia) remind us that the flow comes from within: What insights do you have about this for yourself?

*"Godless's gift to you is more talent and ability than you could possibly use in your lifetime. Your gift to God/dess is to develop as much of that talent and ability as you can in this lifetime." (I added God/dess)

Sourcing Your Financial Flow through the Call of Your Soul

Why is claiming your "Feminine Financial Power" vitally important to for you as a woman today?

Critical ways you may be unconsciously constricting your financial flow.

1) Contraction or Expansion

2) Competitive or Creative Thinking

"You are to become a creator, not a competitor. You are to create, not to compete for what is already created. You will become a creator by employing the higher faculties with which you have been endowed: Perception, Reason, Will, Memory, Imagination, and Intuition. No other form of life was given these creative faculties. You are going to get what you want, but in such a way that when you get it every other person will have more than she has now." *My gender change*
- Wallace Wattles, *The Science of Getting Rich*

3) Energizing Scarcity “Not Enough” Inside/Out or Centered in Sufficiency

“It is not even that we necessarily experience a lack of something, but that scarcity as a chronic sense of inadequacy about life becomes the very place from which we think and act and live in the world. It shapes our deepest sense of ourselves, and becomes the lens through which we experience life.”

- Lynn Twist, The Soul of Money

4) Bumping Up Against Your Upper Limits: Doing something that limits your flow of positive energy.

“Upper Limit Problem is a Set of 4 Hidden Barriers

#1: Feeling Fundamentally Flawed

#2: Disloyalty and Abandonment

#3: Believing That More Success Brings More Burdens

#4: The Crime of Outshining.”

- Gay Hendricks, The Big Leap

Conquer Your Hidden Fear and Take Your Life to the Next Level

Whining and Complaining

Do you ever whine or complain about what you don't have? or about a lack of money? anything?

Self-criticism and Criticizing Others

Do you ever criticize yourself where you are with money? about things you consider money mistakes? Do you criticize others around their choices with money?

Worry

Do you find yourself worrying about money? about your financial future?

Self-doubt

Even a tiny seed of doubt creates conflict in your energy field and not clarity which diminishes your flow. You need a clear, unrestricted energy to most effectively create. The critical parent ego can bring self-doubt.

Do you experience self-doubt about your ability to create your financial goals?

Letting Your Resistance Win

Do you give into your resistance and stop yourself from creating your goals and dreams? stop yourself from taking action?

“Rule of thumb: The more important a call or action is to our soul’s evolution, the more Resistance we will feel toward pursuing it. Resistance by definition is self-sabotage.

Procrastination is the most common manifestation of Resistance because it’s the easiest to rationalize.

Creating soap opera in our lives is a symptom of Resistance.

Sometimes entire families participate unconsciously in a culture of self-dramatization. If the level of drama drops below a certain threshold, someone jumps in to amp it up.”

- Steven Pressfield, The WAR of ART

Break Through the Blocks and Win Your Inner Creative Battles

Practical tools to open your money financial flow energy anytime it contracts...

- 1: The first and most important thing is to increase your awareness of when you go into contraction.
- 2: Next take a deep breath and consciously as your body and awareness to reopen.
- 3: Ask yourself if there is an action you need to take, feeling you need to feel or release, or an old belief you need to let go of. Then do what is needed.
- 4: Go sit on directly on the Earth for 20 minutes and consciously connect to the natural world.
- 5: Go for a walk in nature and open to the living pulsating field of creation.
- 6: If additional expansion is needed DANCE. Great song to use if fear is involved: "If I were Brave" by Jana Stanfield.

"Money carries the soul's energy.

For each of us money in any amount acts as a carrier of energy and intent.

People and families of very few financial resources, and those of enormous financial wealth, have turned their financial flow toward causes and commitments that make their heart sing, and their money carries the same joyful, life-affirming energy into the world to make a difference."

- Lynn Twist, The Soul of Money
