Feminine  
and  
Masculine  
Principles  
Alchemically  
Unite In  
Co-Creation

One of the processes in the ancient art of alchemy is the union of the solar and lunar forces within, the masculine and feminine. This needs to happen before the higher levels of spiritual transformation can occur.

- Old Story Clearing
- Before New Story Roots
- Patience Please
- Time Inner Re-crafting

*Transformation*

Not about a traditional wedding view point but about the deep inner union of the masculine and feminine principles within.

Until we heal and reweave the old story clearing any blocks to this creative union we can project our unresolved issues on to others around us. Potentially creating conflict and frustration.

Between The  
Union

Alchemical Stages  
of Clearing

**The first step of Calcination, is a burning off of pretenses and unworkable belief systems that hinder our progress.**

The second step of  
Dissolution. It works  
on the heart and ego  
to release buried  
emotions that  
conceal or distort our  
true nature.

---

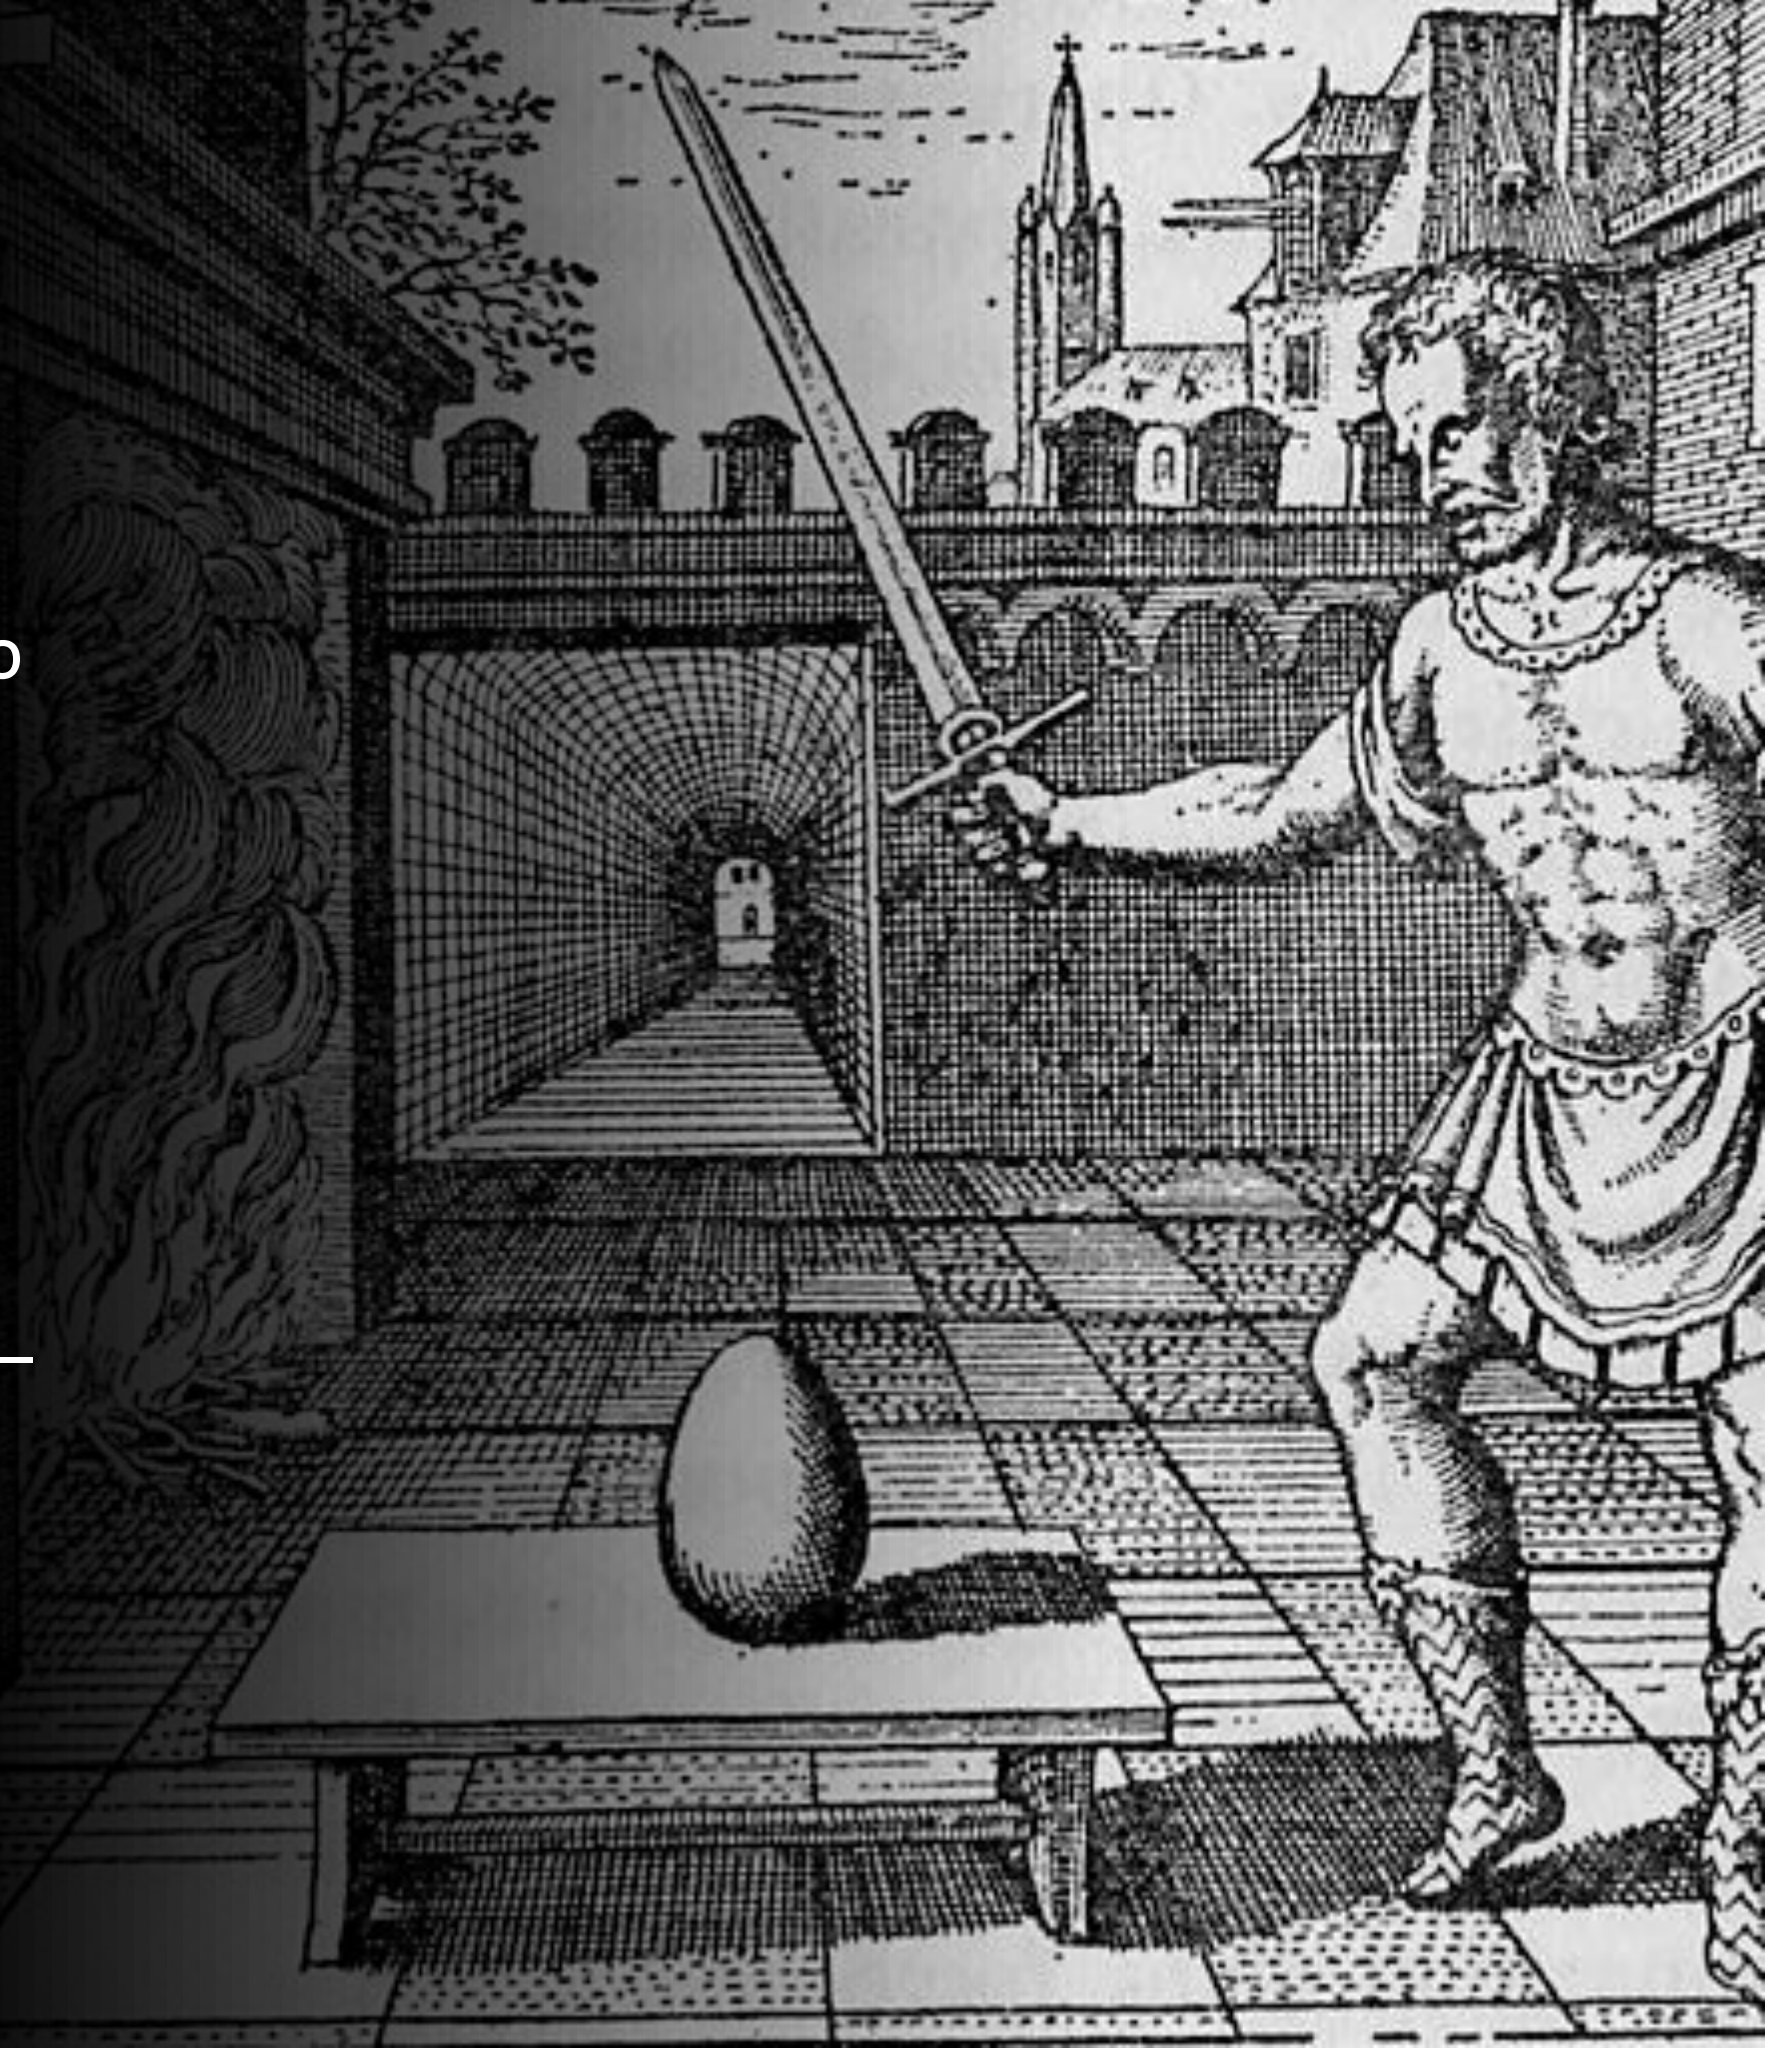

Melting down of the old way of being. Seems challenging because it seems like nothing is happening and we feel stuck. Our minds don't know what's next we are in the unknown.

---

During the third step of Separation, the breaking down of the personality into its basic components, the alchemist becomes aware of the opposites within and separates them from their contamination with ego complexes and unwanted unconscious elements.

A close-up, intimate photograph of a newborn baby being held. The baby's face is in focus, showing its eyes, nose, and mouth. A hand is gently resting on the baby's head. The background is dark and out of focus, emphasizing the baby and the hand. The overall mood is tender and protective.

- MASCULINE & FEMININE

- BRING FORTH NEW LIFE.

- NEW WAYS OF BEING.

- THE THIRD THING.

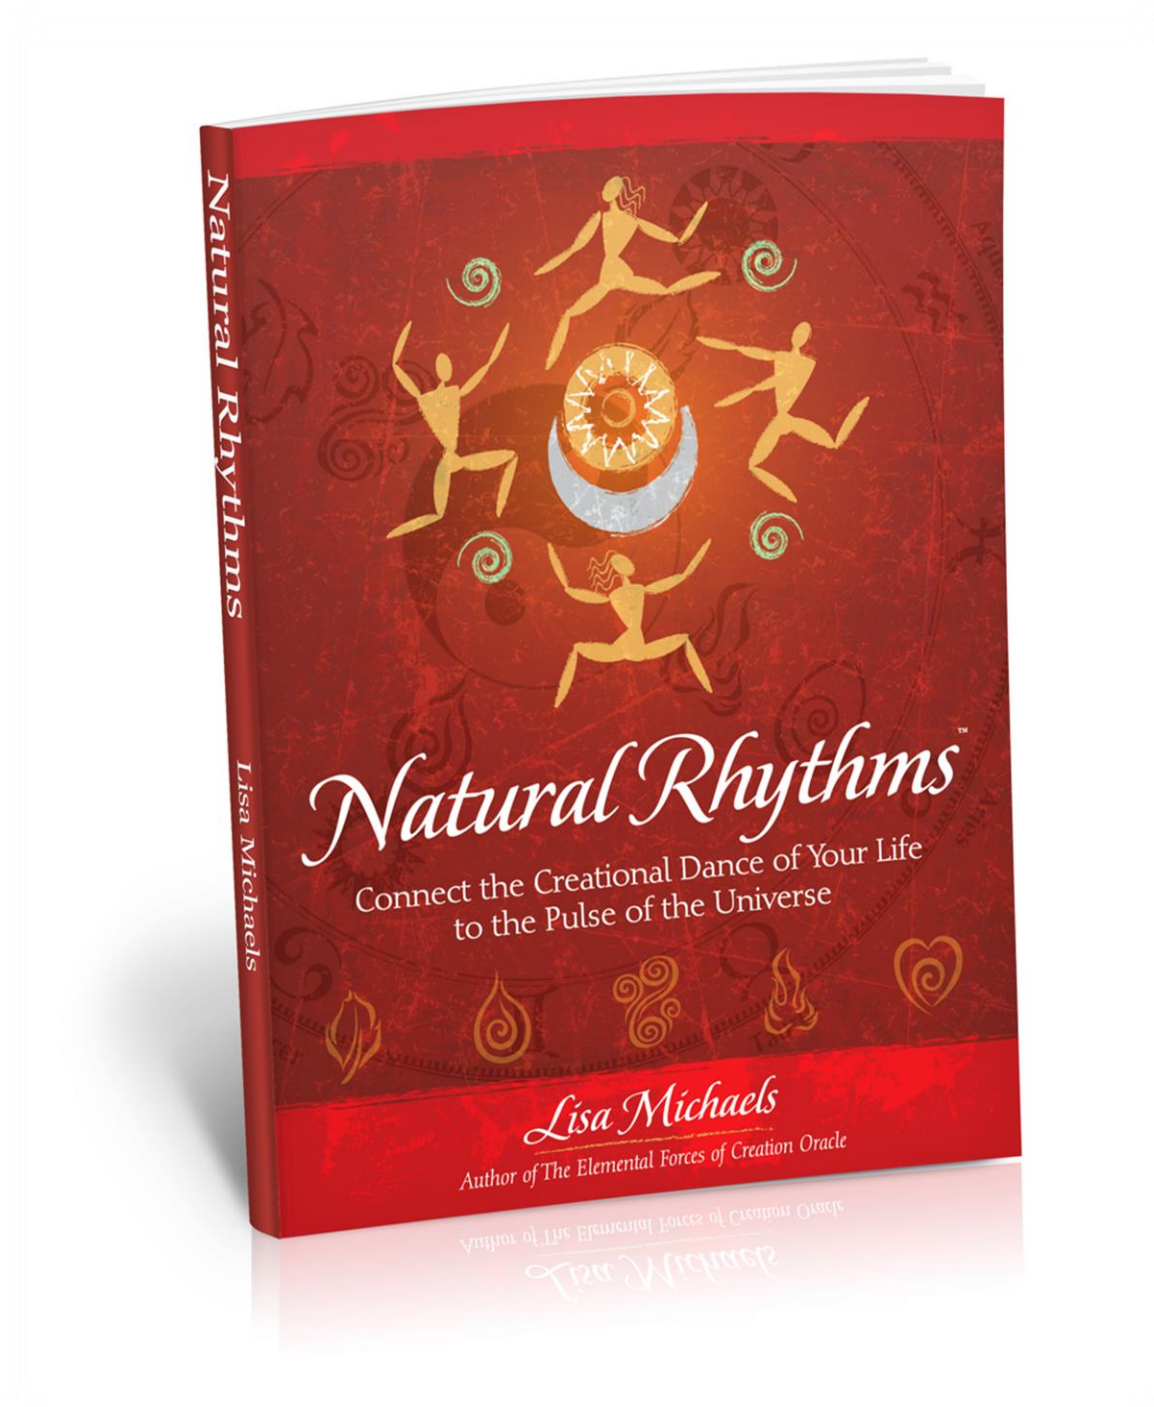

At this juncture of the process,  
how is your inner union working  
together in creation?  
What do you need to know  
now?
