Calling in Sacred Space

Direction: West

We invite the direction of the West and the element of Air - the mental realm - to our circle. With Air we activate the precious gift that the breath of life gives us. We ask to hear our inner voice of wisdom. We activate our ability to consciously set the vibrational tone of our lives. We ask to see the cosmic and archetypal perspective of our personal and mass consciousness belief systems. We open to deep listening to one another. As we call on the birds and the winged ones, we ask for the courage to be the visionaries for our time. We call on the angelic realm and all those who assist us on the inner realm to guide our path. We claim the Air power of intention and align our intentions with the highest good of all.

Air

Air Honoring Prayer

*Beloved Air, you bring us the breath of life
and the gift of peace through perspective.
Thank you for teaching us to focus our mental energy
through the power of intention
and for bringing the integration of whole-brain thinking,
creativity, and sequencing.*

*Through your tools of meditation and prayer,
we are able to call on our ethereal allies.
Our angels, guides, teachers, and archetypes
then become able to assist us.
As we free our beliefs from mass consciousness,
we find our visionary capacity.*

*You bring the ability to clear our old energetic cords
and belief systems
so we can choose thoughts and words
that uplift our lives.
Thank you for the ability to communicate
our unique vibration through you.*

Air Blessing

*Air, with appreciation we ask that (name or this being,
this couple, this organization) be blessed by you with the ability
to honor others' viewpoints and perspectives.
Grace them with the capacity to hold a vision of peace.
Show them how to work with you to focus their intention
so they may bring forth their desires and dreams
and uplift their vibration.*
