Module 6

"Prayer is the medium of miracles. It is a means of communication…Through prayer love is received, and through miracles, love is expressed. The Divine will direct you very specifically. You will be told all you need to know." --A Course in Miracles

When you decide that you are in the business of making miracles, the whole Universe moves to meet you. You literally become the hands and feet of the Divine. The Divine working through you, needs you here on the planet. It needs you to perform tasks in the physical in order for physical outcomes, miracles, to happen.

I want to take you back to where you were when we first began this process. What was your intention for the process? Take a moment to remember. What was your intention on your CCT chart? Pull that out and look at it. Jot them both down here.

MOVING FORWARD

"Each day should be devoted to miracles. This is how you use time constructively...Miracles arise from a miraculous state of mind, or a state of miracle-readiness."-- Adapted from A Course in Miracles

If you have made it this far and have done all the steps, your miracle is on the way, if it hasn't already arrived. And now you are equipped with a tool that you can use for your next miracle.
The question is, will you use it? Will you continue to practice performing miracles? Will you go on to become the Miracle Master that I know you are? What are some things that could help you? What is the one thing that kept you going during the process?
