## Prayer to the Cosmic Mother

Oh, Great Mother, Divine Feminine, birther of the cosmos, lover unto Spirit,  
Creatrix of all matter and Queen of all worlds within worlds and those without,  
We call to you this hour. We are your children, hear our call. We are the  
daughters and sons of your divine union, the flesh of your passion for life.

You, who lay with Spirit, our Father, in the Beginning of Time, and brought us  
forth From the blessed union of Spirit and Matter, we are your children, the sons  
and daughters of your flesh and your heart, and we remember your touch,  
and the fragrance of your essence and we long for you.

Come into our hearts and gift us the remembering. Come into our minds and  
open our genius. Enlighten us with your presence. Draw back the veils that we  
might see, and harken the doors to open, that beauty and ecstasy may life in our  
homes and hearts more fully.

This is our hour of greatest need. We call you through fire and water, through  
earth and wind, through all that bears your name. We call all your lineages and all  
your names. Come to us. Come to us.

So Be it.

--Judy Sion, *The Magdalene Manuscript*

**Mary Magdalene's feast day** traditionally falls in the Sign of Leo, the ***Sign of Self-Love***. The sign of Leo illuminates the mysteries of Self-Love ~ connecting the miracles of self-confidence, self-approval, self-acceptance and self-respect. Within our inner heart flame is the flame of divine love and acceptance, the pure essence and truth of who we are and why we are here shines brightly.

**This is the essence of Magdalene's teachings.** It's who she was! When we are in our full strength and power, we know and remember our radiant and shining divine essence!

These words by Marianne Williamson in her book *A Return to Love* sum up the essence of the Leo mysteries...

***We are born to make manifest the Glory of God that is within us. It's not just in some of us; it's in everyone. And as we let our own Light shine, we unconsciously give other people permission to do the same. As we are liberated from our own fear, our presence automatically liberates others.***

***...It has been more than 30 years since the Vatican formally proclaimed that Mary was not the fallen woman of Luke's gospel, and that Pope Gregory the Great had created that story to further his own purposes in the Dark Ages. But two millennia of public opinion is hard to erase. The Vatican's admission of error in the 1960's hasn't really been any more effective than a retraction buried on the last page of a newspaper. So essentially, Mary Magdalene becomes the godmother of misunderstood females, the first woman of major importance to be intentionally and completely altered and maligned by the writers of history (his-story)...***

*But there is more...*

Imagine the love of your life has been pulled from your grasp and killed before your eyes. Imagine that the men around you have tried to discredit you and your spiritual wisdom from the beginning. Now imagine that these men become active in trying to erase your life and your story.

Would you feel sad? Or would you feel a deep, abiding Holy Rage? The Magdalene does not disappear. She pops up again in the folk mythology of Alexandria, Egypt, and France. She survives this tragedy. And let me tell you, as someone who is a survivor of domestic abuse and violence, it is not the sorrow that drives you out of the darkness into the light, that carries you into health and a new story.

It is anger. Anger is close to optimism. It says: I do not deserve this! I deserve better. Anger that this atrocity has been done and anger that it is still being done. That imperial and colonial systems still oppress and kill women, children. Still discredit spiritual visionaries. Still destroy our sacred groves and oceans and fields.

This energy is an elixir that says, "Not on my watch. I will not stand for this. I will stop this..."

I say that Holy Anger got the Magdalene away from the vengeful apostles, and out of the danger of Herod and Pilate's wrath. I say it drove her into new stories and strange lands. It saved her.

But it saved her for a very fundamental reason.

She used it appropriately! She used it to fuel her Vision...to propel her into the next version of herself.

She used it as the energy she needed to RISE from the ashes and create a ***MOVEMENT of LOVE*** that has encompassed the globe.

# HER GIFTS: COMPASSION AND GRACE

The Gene Keys, by Richard Rudd, are a divine download of the 64 sections of the I Ching, reworked for our new age. They correspond with the 32 double helix strands of our DNA, and as such, speak deeply to us on a soul level.

It will come as no surprise to many of you that the Gene Key for Grace is number 22, the number of the Prophetess.

“True Grace is difficult to describe in words. The reason for this is that you need to experience it in order to know what it is. Although Grace is a word that is often used in spiritual circles, it should not be used lightly. Rather it needs to be treated with the utmost respect. Grace has to be earned through Graciousness...to find graciousness in the face of suffering and perhaps find something more...holiness, itself, wearing a disguise. It teaches us not to turn our face away from the pain life offers us. We are all here to be tested until we show that faith in nature herself can never again be lost.”

“Grace is a presence that descends on humanity, and like all the Siddhis, it requires that we meet it halfway, which for us humans may seem a very long way. This is after all a perfected state in which everything about you and your life will be changed permanently. When true Grace descends, it wipes out all your past Karma in a flash. It also wipes out the Karma of all your ancestors and all their ancestors. Grace softens your rough edges, puts a permanent end to your fear and leaves you in no doubt whatsoever about your divinity. It also ensures that you never again forget. It is impossible to measure in words the sheer number of blessings that Grace bestows when it alights on us.”

“One who has been touched by Grace is always touched by Grace. If it happened to you one millennia ago in another universe or in another incarnation, it will never leave you. It will go on bathing you again and again. To be in the presence of someone manifesting this Siddhi is to be entranced by the aura of love that surrounds them. It is something you can never forget, and it will stir your own soul to seek it until you find it. Grace is the very breath of the Divine. It is always there, waiting for us high above, if we only persist in our sacrifices. Wherever there is oppression, there is the possibility of Grace. If you can face oppression with a gracious spirit and a forgiving heart, Grace will come to you sooner or later. Grace is a feminine spirit, and she cannot resist giving herself to those who smile in the face of adversity.”

“You cannot hide from Grace. Grace is your true nature. It is your inheritance. It is the soul of the world. It is also a state that is beyond the laws of our world. If Grace touches you, you no longer create Karma. If Grace touches you, you no longer have your own destiny but become a musical instrument tuned and played by the gods. With Grace, all human emotion is instantly transformed into love. It is not a state with which most human beings are very familiar. As a species however we are moving into a new epoch that will be marked by Grace.”

**“As a feminine spirit, Grace calls upon each of us to listen and receive her message and blessings. Above all, remember this: through Grace, the universe has but a single wish— for you to remember that you are love, and there is nothing in you but love.”**

## GUIDED MEDITATION

**Blessed Mother,**

**As we ponder the gift that your life and example has  
given humanity,**

**May we be blessed with your Grace.**

**May we always remember that Compassion and  
Grace are gifts to be shared.**

**May we be reminded of the richness embedded in the  
fabric of our aliveness.**

**May we be ever grateful for the gift of your love.**

There is a birthing caldron opening that will conclude on Mary Magdalene's Feast Day, July 22 2021. Mary was a Prophetess in a long continuing line of them. So today many of us are entering that 9-month priestess birthing caldron.

If you feel called to do this in a formal way, the caldron of ***New Earth Priestess*** is still accepting new members. We begin formally next week. If you choose to do this on your own, I invite you to be mindful.

We have plenty of reasons to engage our Holy Rage. Our world is in desperate need of ***GRACE***. Allow her to bring it through you!
